Known Issues

Below follows a list of known issues with client commands:

- admin.killPlayer is working on Official
- admin.yell returns "OK" but no message is displayed to the target players
- Returns for restricting values on Official needs to be changed
- Some commands returned with admin.help will be removed from RCON:
    - vars.bannerUrl
    - vars.playerManDownTime
- vars spectatorList.load is yet to be implemented
